## **16th GROUP ACTIVITIES**

**Rover Scouts, Boy Scouts and Wolf Cubs**

The 16th Shanghai (Independent) Group was formed during the year 1942 and consists mainly of the following three sections:—

- a) The youngest section or "pack" known as the "Wolf Cubs" includes boys within the ages of 8—12.
- b) The adolescent section or "troop" named "Boy Scouts" comprises boys between the ages of 12—18.
- c) The last & mature section or "crew" consists of young men over 18 years of age. And is known as the "Rover Scouts."

The main aims of "Scouting" are:—to promote comradeship among the boys, to teach them to respect all people of whatever race, creed or colour to help to form healthy habits and to mould them into loyal, honest, lawabiding citizens.

The Scout Promise (or Oath), which every boy is obliged to make and keep on being enrolled as a member of the "Group" consists of three parts.

Viz. Duty to God and Community, to be helpful at all times, and to obey the Scout Law.

The Scout Law or rather qualities, which are ten in number, may be summed up in the following rhyme:—

- (1) Trusty, (2) Loyal, (3) Helpful,
- (4) Brotherly, (5) Courteous, (6) Kind,
- (7) Obedient, (8) Smiling, (9) Thrifty,
- (10) Pure as the rustling wind.

A "Scout" smiles & whistles under all difficulties & hardships. (Sct. Law 8).

Our "Cubs" meet regularly once a week in the S.J.Y.A. School, where they enjoy playing games with their fellow-cubs and are instructed in various useful subjects.

The "Scouts" meet twice a week, when they can pass tests of proficiency & rank.

The "Group" is operating a library & philatelic section, and organising sports hikes and various other activities.

The means & ways of "scouting" and its impression on the education of the youth is acknowledged by authorities of educational study and promotion.
